

# Parking Notice

Dear Valued Member

Please take note that as from November 18 the Westin parking facilities will be fully managed and access controlled to ensure a better and well managed facility for your convenience. We request your support during this time of transition to help us implement the process . Your feedback will be welcomed and we will work to achieve a process that will not create any disruption towards your normal and previous experiences,

To ensure this smooth implementation we need to understand the following rules and regulations

- All cars entering the property will be inspected as per Local Government Law and we request your support to understand why this is enforced and necessary.
- Drivers Id or license should be shown to security personnel in order to be recorded as per Local Government Law.
- Golf members must display their Membership ticket in their car window at all times , or valid membership card. If original membership is not available the team will issue a ticket that must be stamped at the local pro shop after membership identification.
- General Golf visitors and nonmembers holding a valid green fee invoice must stamp their ticket by Katameya Dunes Stamp at the Pro Shop to allow free departure.
- Spa Members will receive a Ticket upon entering the facility and must have it stamped at the Spa reception desk and handed to security during departure.
- Any person who is not a valid membership card holder and does not appear on our listings will be charged EGP 30 for the first hour and EGP 60 thereafter. Members visitors will have to pay accordingly.
- Drivers that drop and go will not be charged for.

We thank you for your understanding and support in making our facilities better
