

## New Family Tees on the Palms course...

Over the summer period Dunes has added 2 new sets of tees on the Palms course. Without effecting the experience for established players, we have also reduced some carry distances to make the game more for younger players and shorter hitters. There is now 3 different sets of tees designed for beginners and those shorter hitters, especially juniors. Special family tees scorecards will be available to show the new course lengths. Dunes is confident that these new tees will appeal to our beginner players, and our young players by making the round quicker, easier and a fun experience for all.
